The clerk is directed to write to the superintendent of the New York division of the Reading rail way and inquire about the repairs to W^m Hallouell's crossing on Depot street.

The street committee has purchased a car load of crossing stone from Smith & Schively; their action is approved and the bill ordered paid.

On motion the street commissioner shall be authorized by the street committee to raise the crossings at Byberry, Moreland and Montgomery Avenues and all other crossings requiring to be raised on York street so as to conform with the grades adopted by the Turnpike company.

On motion the electric light committee is continued and requested to meet as business demands; and the Council will defray one half the expense for a lighting experiment on Byberry Avenue which expense was estimated at six dollars, and said experimental lights are to remain until Council direct them withdrawn.

A communication was received from Andrew Lentz asking for an additional arc light which was referred to the light committee.

The fire alarm has been placed in the belfry of the Town Hall which was raised six feet four inches, and the committee is commended for their work and the bill ordered paid.

At the request of Enterprise Fire company No. 1 the Building Committee is authorized to place a box with glass front containing a key, which glass may be broken by any citizen in case of a fire and the door opened and the alarm rung.

A petition was presented by John Sproggell calling for the vacation of Summit Avenue west of York Street and that the street as it appears on the Borough map be stricken off. On motion of C. C. Dager the petition was granted. The Clerk is directed to write to the Borough attorney and have a suitable ordinance prepared to vacate the street, the property owned to be at the expense of publishing the ordinance.

On motion it was agreed to resurface that portion of Byberry and Moreland Avenues and Depot streets already done, and the whole matter is referred to the street committee with E. C. Shelly, C. C. Dager, and J. Baatzing added who are to report to a special meeting of Council.

A special meeting of Borough Council was held to consider the electric light question and water works. Members present Bratting, Breen, Sprague, Buckman, Walton, Shelley and Dager.

The proposition offered by Council at the last meeting to Smith & Davis was rejected.

Smith & Davis submitted the following offer to Council. We will furnish 75 incandescent lights of 20 candle power each for \$1300. pr. year. or 65 lights of 35 candle power each for \$1300. pr. year. The first lamps to be furnished by the electric light company and subsequent renewals at the expense of the Borough. It being understood that the Borough appropriate \$500. for water works in case of the acceptance of either offer.

The above propositions were not agreed to by Council.

The following motion by Dager seconded by Walton was passed; That we offer the Hatboro Electric light company \$1200. for 75 incandescent lights of 20 candle power each, to burn every night and all night; the company to furnish their own renewals, and each additional light ordered by Council to be on a basis of \$16.00 pr. annum.

Also resolved that we offer the Hatboro water company \$500. for 20 fire plugs to be distributed through the streets as Council may direct.

The above motion was not accepted by the Electric light company.

Then the following motion was passed. That we offer the Hatboro Electric light company \$1250. for 75 incandescent lights of 20 candle power to burn every night and all night; the company to furnish their own renewals, and each additional light ordered by Council to be on a basis of \$16.00 per annum. The company not to be at the expense of any new poles ordered by Council. ~~at present~~ Also resolved that we offer the Hatboro water company \$500. for ~~the rental of~~ 20 fire plugs to be distributed through the streets as Council may direct.

The vote on the above motion was, Yeas Wager, Bratzing, Sheller, Buckman, Walton, & Nays Brown, Sploggett.

The above resolution was accepted by the Hatboro Electric light company, and also the Hatboro water company.

The following resolution was also passed.

Resolved that at the end of five years if a contract for lighting the streets cannot be made the matter is to be left to arbitrators; Borough Council to appoint one; the Electric light company one, and these two persons to select a third.

Ordinances were presented and read and the following committee appointed to take them to the Borough attorney for examination. Shelley, Bratzing and Walton.

Sec. 1

The Town Council of the Borough of Harbor doth ordain that the Harbor Water Company is hereby authorized and empowered to erect, construct, maintain and operate a Water Plant and works in the Borough of Harbor, and to bring and convey into said Borough by means of pipes, trunks, aqueducts or other means water from any stream of water or spring in the neighborhood of said Borough, or from such well as may be sunk by said water company, and by itself, its agents, engineers and workmen, and with its and their tools, carts, wagons, beasts of burden, to enter upon the lands, enclosures, streets, lanes, alleys, roads and highways and bridges in the Borough of Harbor as may be necessary to occupy for the construction of the water works of said company to supply water to said Borough.

and to the public therein, and to such persons, partnerships and corporations residing therein and adjacent thereto as may desire the same; and for these purposes to make connections with houses, stores and other buildings, and with the fire plugs belonging to said company, and to occupy, ditch and lay pipes, through the said lands, enclosures, streets, lanes, alleys, roads, highways and bridges, and the said connections and pipes from time to time to repair, subject to such reasonable regulations in regard to streets, lanes, roads and other highways as the said borough may impose.

Sec. 2 That when it is necessary for the said water company to occupy and dig the streets, alleys or other highways of said borough for any of the purposes aforesaid, the said company shall put the said streets, alleys or ^{other} highways in the same condition of repair as they were before the said company occupied them.

Sec. 3 That the said water company shall lay its pipes to conform to such grade as the Town Council shall direct. Whenever either in the construction of said water works or at any subsequent time, the borough authorities shall see proper to elevate or depress the grade of the said streets, roads, lanes, alleys or other highways the

Sec.

4. Said company shall at its own cost and expense conform its pipe line to the grade so established by Town Council. The pipes so laid shall be on York street from the Collier Academy to the Soldiers monument; on Montgomery Avenue from York street to the Peeding Railroad; on Moreland Avenue Eastwardly from York street to the present borough line; and on Byberry Avenue from York street to New Street. As demands of the public may require, said pipe may be laid on such other streets now opened or hereafter to be opened within the borough limits as the business of the company and the safety of the borough may require.

Sec.

5. Said water shall be furnished from such reservoir stand-pipe or tank as the said company may choose to erect, provided the capacity thereof shall not be less than fifty thousand (50,000) gallons and the height not less than one hundred (100) feet at the point of discharge. Should a tank be erected, it shall be supported upon a steel frame of the latest improved construction of sufficient strength to support the tank when full. Said supports shall be erected upon stone foundations.

- Sec. 6 The main pipe for the supply of water to consumers shall not be less than four (4) inches in diameter and shall be laid at least three and one half ($3\frac{1}{2}$) feet below the surface of the street.
- Sec. 7 Said company shall put in twenty (20) plugs with two and one half ($2\frac{1}{2}$) inch connections at such places as shall be designated by the Town Council and Council shall pay \$25.00 per year for each of said plugs for the period of five years, said rent payable monthly and to be for the use of the plugs for fire purposes only. The relocation of any of said plugs shall be at the expense of the borough. Additional plugs may be located where directed by Town Council at such price as may be agreed upon.
- Sec. 8 At the end of said five years, should the borough and the said company fail to agree upon the rates to be paid, the matter in dispute shall be determined by three arbitrators to be chosen as follows: - One to be chosen by the said borough - that is by the said Town Council, one by the said company, and a third by these two, and the award of any two of said arbitrators shall be binding and conclusive as to the subject-matter of this section.

Sec. 9 Should the said company fail to exercise the privileges granted by this ordinance for the continuous period of one year after notice from the said Borough, then the privileges hereby granted shall be deemed forfeited, and the works erected thereunder shall be forfeited to the Borough and become its absolute property in fee simple without further process of law.

Sec. 10 The said company shall enter into a bond in the sum of One thousand dollars (\$1,000) to be approved by the said Town Council conditioned for the erection and completion of the said works within the time hereafter specified.

Sec. 11 The said company shall indemnify and save harmless the said Borough of and from all and every claim for damages to person or property which may arise from the construction of their said works and pipe lines or the maintenance of the same, provided the said damages be not occasioned by any negligence on the part of the said Borough, its agents or employees as the proximate cause thereof.

- Sec. 12 That the said company shall within thirty (30) days after the passage of this ordinance certify their acceptance of the same under their corporate seal, and immediately thereafter file the same in the office of the Secretary of Town Council.
- Sec. 13 The construction of said water works shall be commenced within three months from the acceptance of this ordinance and the same shall be completed and in operation within twelve months from said time.

A special meeting of Council was held in the Town Hall with Messrs. Shelley, Dager, Buckman, Walton, Bratzing and Chaven present. In the absence of the clerk C. E. C. Robinson was appointed clerk Pro. Tem. The meeting was called to locate the fire plugs and incandescent-lamps, consider the subject of by-laws and to hear a proposition from the water company for the substitution of a stand pipe for the tank, provided for in the recent ordinance.

President Shelley produced a large outline map of the borough which helped the Councilmen very materially in locating the fire plugs.

The fire line starts at the tank runs out on the south side of Montgomery Avenue to York street and north on the west side of York to the monument, also south on York st to the Academy, east on Hybery Avenue to Ken Street, and east on Moreland Avenue to the borough line.

The plugs are located as follows:

Three on Montgomery Avenue, one at Depot street, one at York street and one midway between: six on Moreland Avenue, one at York street, one about 400 feet east, one at Depot street, and three about 400 feet apart east of the railroad;

Five on Byberry Avenue, one at York street; one at Depot street, and one midway between these two, and two east of the railroad; on York street, besides those already mentioned at the street-intersections, there is one at the end of the pipe line near the monument; another about opposite the Baptist church, two between Woodland and Byberry Avenues, and two between Byberry and Gotham Avenues, and one at the end of the line near the academy. This makes 21 plugs in all.

The ordinance only allows 20, but W. H. Hilgus, who was present representing the water company agreed to provide the extra plug, the one nearest their plant, in consideration of the Borough releasing the company from its obligation to put up a tank and allowing them to substitute a stand pipe.

He said the stand pipe would be about 20 feet in diameter, and at least 80 feet high, very likely 100 feet high. The proposition was favorably considered and President Shelley appointed a committee to consult the Borough attorney on the legal method of making the change in the ordinance. He was also instructed at the same time to consult the attorney in reference to the formulation of by-laws and some

minor matters in reference to the enforcement of ordinances. The location of the lamps was allowed to go over, because the poles had not been located on the map. Complaint was made of low tree branches in various parts of the Borough and of the non-burning of the arc light at the Pennypacker bridge. After referring these matters to the proper committees the Council on motion adjourned.

Hatboro Pa. Jan. 10th 1898

To the President and members of the Town
Council of the Borough of Hatboro

Gentlemen

The third annual report of the Board of Health of this Borough is herewith submitted, describing in full its transactions for the year ending Dec. 31 1897.

Since the last report the board has held six regular and two special meetings, and at the meeting held March 3rd an organization was effected by the election of the following officers:

Dr. J. Newton Evans	President
Geo. R. Palmer	Health Officer
Paul Jones	Secretary

Jacob E. Bratzing having resigned as a member of the board owing to his election as a Borough Councilman and the term of A. W. Martindale having expired, the vacancies were filled by the appointment of John S. Seide for the unexpired term of two years and James Van Horn for the full term of five years, both of whom have faithfully discharged the duties of their appointment. The total receipts and expenditures for the year are as follows:

Receipts, Balance in treasury	\$ 26 50

Hatboro Pa. Jan. 31st 1899.

To the President and members of the Borough Council of Hatboro Pa.

Gentlemen:

We herewith submit the fourth annual report of the Board of Health of the vital statistics and sanitary affairs of the Borough of Hatboro with a record of its proceedings for the year ending Dec. 31st 1898.

Since the last report the board has held nine meetings and organized at a meeting held March 16th 1898 by reelecting J. P. A. Evans President, Paul Jones Secretary and George R. Palmer Health Officer.

On May 12th the resignation of J. P. A. Evans as President and as a member of the Board was offered and accepted, owing to his

selection as a member of the Borough Council and the vacancy was filled by the appointment of Reuben Hochmanow for the unexpired term and Dr. P. H. Mackley was elected President.

The Borough has been free from any epidemics, and of the few contagious diseases reported but one case of diphtheria resulted fatally.

The total number of deaths for the year was eleven, one less than last year.

The causes of death have been as follows: Apoplexy 5, Consumption 2, Diphtheria 1, Confinement 1, Marasmus 1, Catarrh of Stomach 1. Of the deceased 6 were females and 5 males.

The death rate in the Borough during the time a record has been kept by the Board has been as follows:

1895 -	16 $\frac{1}{4}$	per cent per	1000 population
1896	12 $\frac{1}{2}$	" " " "	" "
1897	13 $\frac{1}{3}$	" " " "	" "
1898	12 $\frac{1}{5}$	" " " "	" "

The number of burials permits issued during the year was 49.

The physicians reported 6 births in the Borough. The clergymen report 7 marriages of which 2 grooms and 1 bride were residents of the Borough.

The number of contagious diseases reported to the Board by the physicians were 5 cases of scarlet fever and one case of diphtheria, all of which were visited by the health officer, who ordered the houses to be promptly quarantined, and every precaution taken to prevent the spread of the disease.

A number of minor nuisances have been abated during the year in order to insure as perfect a sanitary condition as possible without a system of drainage.

The expenses of the Board were as follows:

Salary of Health Officer	\$ 25-00
--------------------------	----------

Secretary	15 00
-----------	-------

Supplies, Stationery &c	13 63
-------------------------	-------

Total	53 63
-------	-------

Receipts from permits issued	2 00
------------------------------	------

Total expense to the Borough	\$ 51 63
------------------------------	----------

As the term for which John S. Leidy was appointed to serve as a member of this Board will expire in March his successor should be appointed at this time, to serve a full term of 5 years.

An appropriation of forty dollars will be required to defray the expenses of the Board for the next year. Respectfully submitted

F. H. Markley President

Hatboro Dec. 31 1899
To the President and members of the Town Council of the Borough of Hatboro
Gentlemen;

As an organization existing by appointment of the Borough Council under the act of Assembly, the Board of Health herewith presents its fifth annual statement with a record of its proceedings for the year ending Dec. 31 1899.

Since the last report the board has held four meetings and organized at a meeting held July 5 1899 by reelecting J. H. Markley President, George R. Palmer Health Officer and Paul Jones having resigned at this meeting. Reuben Hockman was elected secretary to fill the unexpired term.

John S. Leidy's term having expired he was appointed to succeed himself for the full term of five years.

The Borough has been free from any epidemic and of the few contagious diseases not one resulted fatally.

During the past year the number of deaths was twelve, one more than last year.

The causes of death have been as follows: Bright's disease, 3; Rail road accident 1; Heart disease 1; Tuberculosis 1;

Cholera infantum 1; Senile exhaustion 1; Apoplexy 1; Pleurisy 1; Natural cause 1; Pleuro pneumonia 1; and Convulsions 1.

Of the deceased 9 were males and 3 were females.

The death rate in the Borough during the time a record has been kept by the board has been as follows:

1895	16 $\frac{1}{4}$	per cent -	per 1000	population
1896	12 $\frac{1}{2}$	"	"	"
1897	13 $\frac{1}{3}$	"	"	"
1898	12 $\frac{1}{5}$	"	"	"
1899	15	"	"	"

The number of burial permits issued during the year was 41; the physicians reported 8 births in the Borough during the year. Four marriages were reported of which one bride was a resident of the Borough.

The number of contagious diseases was 4; diphtheria 3 and dysentery 1, all of which were visited by the Health Officer who promptly ordered the houses quarantined and every precaution was taken to prevent the spread of the disease. A number of minor nuisances was abated during the year, in order to secure as perfect a sanitary condition as possible.

The expenses of the board were as follows:

Salary of Health Officer	\$ 25 00
Salary of Secretary	15 00
Total Expense	\$ 40 00

The amount received from permits issued was \$ 9 00

At a meeting held on August 2nd it was ordered that the board charge the sum of 25 cents for each and every permit issued which the board thinks will help defray some of the expenses.

As the term for which Dr. P. C. Markley was appointed to serve as a member of this board will expire in February this successor should be appointed at this time to serve a full term of five years.

An appropriation of \$25.00 will be required to defray the expenses of the board for the next year.

Respectfully submitted,

Reuben Hockman
Secretary

The stated meeting of the Borough Council was held this evening in the Town Hall and was attended by Evans, Bannan, Gordon, Spragell and Wood.

The minutes of last meeting were read and approved.

The committee on the surveyors request submitted the following report:

Watboro March 1, 1900
Report of the committee appointed by the President of Council, to confer with Mr. Buck or his representative Mr. Ritchie, in regards to the laying out and opening Montgomery Avenue eastward to its intersection with Moreland Avenue at Mr. Search's corner. Also New Street from Moreland to its intersection with Northampton street and continue along Northampton street to the Boro line at Mr. Markley's corner.

Having examined the plans submitted by Mr. Buck's representative, Mr. Ritchie, we viewed the ground carefully from different points and concluded to recommend the original Boro plan except the width of the streets which shall be fifty feet wide including side walks instead of forty feet retaining the original centres.

We recommend the above as being the most satisfactory in the minds of your committee, and no disadvantage to Mr. Buck as far as your committee can see. We, therefore recommend that Mr. Buck be given permission to open and grade the above streets to a width of not less than fifty feet including side walks without extension to the Boro.

The stated meeting of the Borough Council was held this evening in the Town Hall, and was attended by Brennan, Walton, Spiegel, McNaiv and Colson. F. J. A. Evans being absent John Spiegel was elected President Pro Tem.

The minutes of last meeting were read and approved.

The committee to confer with Enterprise Fire company have given attention to their appointment but are not prepared to submit a full report; the committee is continued.

On motion it was directed that a coupling be purchased for the Fire company at the expense of Council to connect the hose with the engine.

The committee having charge of street improvement reported that they had carefully measured the distance to be covered with stone and find that Moorland Avenue will require 1866 feet and Byberry Avenue 900 feet in length; and that Moreland Avenue will need 500 Tons of crushed stone and Byberry Avenue 225 Tons. The cost of that portion of Byberry Avenue already done was \$1.68 pr. Ton. including gravel and all work complete, laying the stone 12 feet in width and 6 inches thick in the center. The present price of crushed stone

is .10 cents per ton higher than what was used on Byberry Avenue; therefore Moreland Avenue would cost \$890. and Byberry Avenue \$400.50 to macadamize the road bed. 12 feet wide and 6 inches thick in the centre.

As all the members of Council were not present it was decided on motion to call a special meeting on Sep. 11. 1900 to take action on the report of the committee.

The following orders were drawn.

An Ordinance

Granting permission to the Inter-State Telephone and Telegraph company to construct a telephone line in the Borough of Hatboro, Pa.

Be it enacted and ordained by the Burgess and Town Council of the Borough of Hatboro, Pa. and it is hereby enacted and ordained by the authority of the same:

- Sec. 1. That the permission contemplated by section 1 of an act of the General Assembly of the Commonwealth of Pennsylvania, entitled: "An act to amend the fourth section of an act supplementary to an act entitled: 'An act to provide for the incorporation and regulation of certain corporations'" approved April 29th 1874, relating to the incorporation and the powers of Telegraph companies for the use of individuals, firms and corporations and fire alarm police and messenger business approved the 25th day of June A.D. 1895, is hereby given to the Inter-State Telephone and Telegraph company, to construct, erect, maintain

and operate a telephone line in the Borough of Hatboro, Pennsylvania, under and subject, however, to the terms and conditions hereinafter named.

- Sec. 2 That the poles to be erected by the said company shall be placed outside the curb lines at such a distance from the curb as the street committee of said Borough shall direct. The diameter of the poles at the top and bottom shall be as directed by the street committee, and they shall be straight and smooth and shall be painted ten feet from the ground and shall be repainted every three years. Each pole erected by said company shall be indicated by having the initials of their corporate name placed thereon. Whenever the poles are erected, the said company shall replace the material excavated, and relay all bricks, flag or other pavement so removed, so that the same shall be in the same good condition as before they were disturbed, and the said company shall so place their poles as to do the least injury to private property and least obstruction to public travel, and shall erect and place their said poles agreeable to and under the supervision of the street committee of said Borough.

- Sec. 3 That the wires erected by said company shall be so placed as not to interfere with the wires of other companies now erected and shall be placed not less than twenty five feet from the ground, and as much higher as the street committee of the said Borough may direct; and said company shall assume all liabilities for damages that may occur to the Burgess and Town Council aforesaid from any injury to persons or property from doing of anything hereinafter mentioned or the neglect of said company or any of its said employees to comply with any ordinance relative to the use of said streets or other public or private places.
- Sec. 4 That nothing in this ordinance shall affect the rights and privileges now granted or which may be hereafter granted by the Burgess and Town Council aforesaid to other companies to use said streets for any purpose whatever; and in the construction of their telephone line, the said company shall use the most approved means to prevent the construction of their telephone lines from in any manner interfering with the operation of the electric light, trolley, telephone or any other company having the right to use the said streets.

- Sec. 5 That the telephone line hereby authorized shall be constructed by said company under the supervision of the street committee of said Borough.
- Sec. 6 That the Burgess and Town Council aforesaid shall have the right to use the poles of said company for the purpose of strung wires for fire alarm or any other electrical purpose for the sole use of said Borough; and said company shall place a telephone in the Borough building, and any officer or employee of the Borough shall be privileged to use the said telephone on business appertaining to the said Borough to any part of said Borough and to the Boroughs of Norristown, Doylestown and to any point within a radius of ten (10) miles of the Borough of Hatboro Pennsylvania.
- Sec. 7 That the said company shall at all times hereafter indemnify and save harmless the Burgess and Town Council aforesaid of and from all and every claim for damages of any kind whatsoever which may arise from the construction, maintenance and operation of said telephone line.
- Sec. 8 That if at any time the said company shall abandon their line or cease to operate the same for a period of ninety days or allow their poles and wires to lapse into an unsafe condition, then this ordinance and

all the rights and privileges herein granted shall cease and become null and void, and the said company shall remove all their poles, wires etc. from the said streets and leave the same in the same good condition as it was in before the commencement of the construction of said telephone line; and in case said company shall not remove their poles, wires etc. from the said streets and put the said streets in good condition as aforementioned, within six months after this ordinance shall have been declared null and void by the said Burgess and Town Council aforesaid, for the reasons aforesaid, then, and in that case the Burgess and Town Council shall have the right to remove said poles, wires etc. and put the said streets in good condition as above mentioned and recover the cost of the same in an action of law against the said company.

Sec.

- 9 That the said company shall be subject to such lawful regulations and ordinances regulating the maintenance and operation of their said telephone line in the Borough of Watboro, as the Burgess and Town Council aforesaid may from time to time hereafter indicate. And the Burgess and Town Council expressly reserve the right to

enact and enforce by general ordinances and regulations directed alike to all telegraph, telephone, electric light and trolley companies within its limits, as relates to the licensing and inspection of the poles of the said "The Inter-State Telephone and Telegraph Company."

Sec. 10 That the said company shall, under its corporate seal and by its proper officers within sixty days after the approval of this ordinance, signify in proper writing, filed with the Secretary of the Burgess and Town Council aforesaid, its acceptance of this ordinance and all the regulations, conditions and restrictions therein contained.

Sec. 11 That the said company shall pay to the Burgess and Town Council aforesaid all the costs of the publication, etc., of this ordinance.

Enacted into an ordinance at the Council chamber this 10th day of December A.D. 1900.

To the President and members of
Town Council of the Borough of Watboro

Gentlemen

As an organization existing by appointment of the Borough Council under an act of Assembly the Board of Health herewith presents its sixth annual statement, with a record of its proceedings for the year ending December 31 1900.

Since the last report the Board has held seven meetings and organized at a meeting held on March 8th 1900 by reelecting Dr. P. H. Markley President, Dr. Hockman Secretary and George P. Palmer Health officer.

The Borough has been free from any epidemics, and no contagious diseases have been in the Borough this year.

During the last year the number of deaths was eight.

The cause of death has been as follows:

Two have been of pneumonia,

One of congestion of the lungs,

One of tuberculosis,

One of Angine pectoris,

One of Cod. cinamo. uteri,

One of chronic heart disease,

One of catarrhal gastritis

The youngest of which was 60 and the oldest 84 years of age.

Of the deceased four were males and four females.

The death rate in the Borough during the year estimating the population at 850 would be $\frac{9.4}{1000}$ per thousand.

The number of burial permits issued during the year was 39.

Local burial permits issued were 8 transit 2, and 29 outside permits.

The physicians reported 13 births in the Borough during the year.

Thirteen marriages were reported of which two brides and one groom were residents of the Borough.

A number of minor nuisances were abated during the year, in order to secure as perfect a sanitary condition as possible.

The expenses of the board have been as follows:

Salary of health officer	\$ 25 00
Salary of secretary	15 00
Printing and supplies	2 60
<u>total</u>	<u>\$ 42 60</u>

The receipts of the board have been as follows:

Balance in treasury at the first of last year	\$ 17 21
Appropriation from Borough Council	25 00
From burial permits and licenses	10 00
<u>total</u>	<u>\$ 52 21</u>

The president of the board Dr. P. H. Markley having removed Mr. James Van Horn was elected president for the remainder of the year.

Dr. William Hannum being appointed to fill the unexpired term of Dr. P. H. Markley was duly qualified as a member of the board on the 6th day of December 1960.

As the term for which Dr. R. S. Davis was appointed a member of this Board, will expire in February, his successor should be appointed at this meeting to serve a full term of five years.
An appropriation of \$35.00 will be required to defray the expenses of the Board for the next year.

Respectfully submitted

James Van Horn
President

The stated meeting of the Borough Council was held this evening in the Town Hall and was called to order by J. A. Evans President.

All the members were in attendance. The minutes of last meeting were read and approved.

The light-committee reported a number of lights out during the month of March.

On motion of McNair seconded by Corson it was decided to deduct \$7.25 from the electric light bills for last month. All the members voted yea.

A communication was received from A. J. Reading which was read and on motion of McNair seconded by Shrogell it was laid on the table. Yeas, McNair Shrogell, Corson, Carrell and Walton, Nays, Brennan.

Since our last meeting A. J. Reading has entered suit against the Borough of Watboro to recover a bill of \$16.00 for advertising an ordinance. There was a hearing before Justice of the Peace Joseph B. Yerkes on March 13th 1901, and on March 20th Mr. Yerkes rendered his decision in favor of the plaintiff.

A motion was made by Walton seconded by McTear to appeal from the decision of the Justice of the Peace, and was carried, Yeas, Walton, McTear, Spriggell, Corson, and Carrell, Nays Brennan.

On motion of Spriggell seconded by McTear J. A. Evans was delegated to make the appeal at the office of the Justice of the Peace J. B. Yerkes.

The Borough attorney has sent the following letter bearing upon this subject. On the subject of the contemplated appeal from the judgment of Squire Yerkes in favor of A. J. Reading, we would say that the Borough has the right to appeal without the payment of costs and without giving security.

As the Justice will, probably require authority for this proposition, should refer you to the case Robinson vs.

Jefferson County & Watts and Sergeant Hage &c. in which the Supreme Court held that a municipal corporation may appeal without the payment of costs.

That case has been cited with approval several times, the last time being in 168 Pennsylvania State Reports, page 445.

A number of the cases on this subject are cited in the opinion of Judge McPherson in the case of Gambel vs.

Lebanon city, 3 Pennsylvania County Court

reports, page 594. There were decisions to the same effect as to bail; but the act of April 21 1858 J. L. page 385; section 6 expressly provides as follows: "All laws requiring Municipal corporations to enter bail or to file affidavits of defense, and all laws inconsistent herewith, are hereby repealed."

In order that there may be no doubt in the mind of the Justice on these points, we have thought fit to write to him and refer him to the authorities.

Garzere, Gibson & Joy.

The President appointed Dr. Carrell and A. H. Walton to communicate with or visit personally A. L. Johnson in reference to bringing through Hatboro a proposed electric road between Philadelphia and New York.

An Ordinance granting consent to the construction, maintenance and operation of an electric street railway by the Doylestown and Willow Grove railway company along and over York street, in the Borough of Hatboro.

Sec.

1. Be it ordained and enacted by the Town Council of the Borough of Hatboro, that the consent contemplated by the fifteenth section of the Act of Assembly of the Commonwealth of Pennsylvania entitled "An Act to provide for the incorporation and government of street railway companies in this Commonwealth" approved the 14th day of May A.D. 1889, be and the same is hereby given to the Doylestown and Willow Grove railway company to construct a street railway along and over York street from the southerly to the northerly line of said Borough, and for that purpose

to lay a single track, with such curves, switches and turnouts as may be necessary, erect poles and string wires, and maintain the same, and do every lawful act and thing necessary to construct and reconstruct, equip and reequip said railway and roadbed and maintain the same, and operate the said railway with electrical power, under and subject to the regulations and restrictions hereinafter prescribed.

Sec. 2 The poles used in the construction and reconstruction of said railway shall be placed on either side of the curb about two inches therefrom, in such manner as to cause the least possible obstruction and injury to the curb and sidewalk, and so as ~~not~~ to obstruct unnecessarily such portions of the fronts of private property as may be needed or lawfully in use for business purposes. Where a dispute arises as to the placing of such poles, the street committee of council shall decide where the same shall be located.

Sec. 3 The poles used by the said railway company shall be comparatively straight and smooth and shall be kept painted from top to bottom by the said company. The poles of any other company, which may be already erected, shall be used by said railway company, if adapted to its purposes, whenever the consent of such other company to such use

- can be obtained.
- Sec. 4 Whenever and wherever poles shall be erected by said railway company, it shall carefully replace the material excavated and relay all brick, flagging or other paving that the sidewalk shall be left in as good condition as it was before. The erection of poles shall be done under the supervision and with the approval of the said street committee.
- Sec. 5 The rails used by the said railway company in the laying of its tracks hereby authorized shall be flat rails. The said track shall be laid in the middle of the street and in such manner as to present the least obstruction to vehicles. The location and construction of the said track with such curves, switches and turnouts as may be necessary, shall be done under the supervision, and subject to the approval of the said street committee.
- Sec. 6 In the construction and reconstruction of its roadbeds and railway tracks, the said railway company shall so construct as to cause its tracks to be laid and relaid and kept on a level with the present established grades or with such grades as may hereafter be established for said streets on which said tracks will or may be hereafter located.

- Sec. 7 The said company shall fike or macadamize the road bed between its tracks and for a distance of eighteen inches outward from each rail with such material as the said Borough at the time is using on the remaining portions of the bed of said street.
- Sec. 8 The trolley wires and all other wires shall be erected and maintained at least sixteen feet above the surface of the street; and all uninsulated charged wires shall be protected by guard wires where there are other wires liable to come in contact with the same.
- Sec. 9 The said railway company shall not run its cars through said Borough at a greater rate of speed than ten miles an hour.
- Sec. 10 In removing snow and ice from its tracks the said railway company shall not throw the same in heaps in the street, but shall carefully and evenly distribute it that public travel may not be obstructed thereby.
- Sec. 11 The said railway company shall at all times indemnify the said Borough against and save it harmless from any and all claims for damages to persons and property which may arise from the negligence of the employees and agents of the said company in the construction or

reconstruction of the said railway or the maintenance and operation of the same.

Sec. 12 The said railway company shall commence the construction of its railway within three months from and after the approval of this ordinance and shall have the same in operation within the limits of said Borough within three months thereafter; otherwise the consent hereby given shall be deemed revoked and this ordinance shall become null and void, unless the time be extended by council.

Sec. 13 If at any time after the completion of the said railway within the limits of this Borough, the said railway shall cease to be operated for a period of ninety days by the running of cars daily for the accommodation of the public by the said railway company on a regular schedule, unless prevented by a strike of its employees or circumstances beyond its control, the said railway company shall remove all tracks, poles, wires and other equipments from the streets of said Borough, and leave said streets in as good condition as they were before said railway was constructed.

Sec. 14 The said railway company under its seal and through its proper officers duly authorized by its board of directors to act, shall within thirty days after the approval of this ordinance, signify its acceptance of the regulations, conditions and restrictions of this ordinance.

Sec. 15 All ordinances and parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed.

Sec. 1

An Ordinance amending an ordinance entitled "An ordinance granting consent to the construction, maintenance and operation of an electric street rail way by the Doylestown and Willow Grove Railway Company, along and over York Street, in the Borough of Hatboro," approved April 11 1901

Be it ordained and enacted, by the Town Council of the Borough of Hatboro, that section 5 of an ordinance entitled "An ordinance granting consent to the construction maintenance and operation of an electric street rail way by the Doylestown and Willow Grove rail way company along and over York street, in the Borough of Hatboro" approved April 11 1901, which reads as follows:

"The rails used by the said rail way company in the laying of its tracks authorized shall be flat rails. The said track shall be laid in the middle of the street and in such manner as to present the least obstruction to vehicles. The location and construction of the said track with such curves, switches and turnouts as may be necessary, shall be done under the supervision, and subject to the approval of the said street committee". be amended so as to read,

The said tracks shall be laid from the southerly entrance into the Borough along the east-side of York street until it crosses the bridge over the Pennyrack creek, and until it reaches its northerly end, where by gradual curve it shall seek the middle of the street, and be laid thence on through the middle of said York street, and in such manner as to present the least obstruction to vehicles. The location and construction of the said tracks, with such curves and turnouts as may be necessary shall be done under the supervision and subject to the approval of the said street committee. The rails used by the said company in the laying of its tracks hereby authorized from the southerly entrance into said Borough to the bridge crossing said Pennyrack creek shall be T rails or standard girder rails having at least two and a half inches width on the flat portion thereof at the option of said rail way company, and from the south side of said bridge to the northerly limit of said Borough, the tracks laid by said rail way company shall be laid with standard girder rails as aforesaid.

Sec. 2 That section 7 which reads as follows, "The said company shall fike or macadamize the road bed between its tracks and for a distance of eighteen inches outward from each rail with such material as the said Borough at the time is using on the remaining portions of the bed of said street" be amended so as to read as follows: The said company shall fike or macadamize the road bed between its tracks and for a distance of eighteen inches outward from each rail with such material as the said Borough or turnpike company at the time is using on the remaining portions of the bed of said street. Provided, however, that said company shall at all times forever hereafter keep said road bed between its tracks, and for a distance of eighteen inches outward from each rail, in good order and repair, using such material as the Borough or turnpike company at the time shall use in repairing or re-fiking or macadamizing the balance of the road bed.

- Sec. 3 The said rail way company under its seal and through its proper officers duly authorized by its board of directors to act, shall within thirty days after the approval of this ordinance, signify its acceptance of the regulations, conditions and restrictions of this ordinance.
- Sec. 4 All ordinances and parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed,

The sum of two dollars was deducted from the electric light bill on account of several lights failing to burn as they should all night. Dr. Carrell introduced the following resolution which was referred to the next regular meeting of Council for action.
That as soon as it is positively decided that the tracks of the Foydestown and Willow Grove Trolley Company will be placed between the present walls of the York Street bridge, over the Pennyback creek, this Borough, a committee consisting of Dr. P. N. Evans, Charles C. McTear, A. H. Walton, John Sprogel, Warren Corson and Dr. B. B. Carrell shall obtain and present to Council, for its approval, designs and estimates for a substantial bridge over the said creek for the use of

pedestrians, on the west side of York Street, the centre line of said bridge to be in line with the centre line of pavement on both sides of said creek. The foot-way of said bridge to be not less than five (5) feet; not more than seven (7) feet wide.

As soon as Council approves plans and estimates the said committee shall at once proceed in the erection of said bridge. If said bridge has been begun or ordered before the tax levied of this year is made out, then an additional mill shall be added to the Borough tax for bridge expending and every year thereafter an additional mill or fraction of mill shall be levied until enough has been levied to pay for said bridge. To immediately pay for said bridge upon its completion the proper Borough officers are authorized to borrow the money needed at the lowest rate possible.

An ordinance for the levying and collection of taxes for Borough purposes was prepared, and read twice, and passed on both readings by an affirmative vote of all the members present.

A special meeting of Council was called by order of the President; the call of the meeting being to consider on third reading an ordinance passed on first and second reading at a previous meeting; also to consider on third reading an ordinance to amend an ordinance passed May 18 1901 which ordinance was passed on first and second reading at a previous meeting.
Members all present.

The first of these ordinances was read and on motion of Sprogett seconded by Corson it was passed on third reading by the following vote; Yeas Carrell, Walton, McTear, Brennan, Corson and Sprogett. Nays, none.

The second of these ordinances was read and on motion of Sprogett seconded by Walton it was passed on third reading. All the members voted (yea).

The following resolution was offered by J. J. W. Evans: Whereas, In the passage of the ordinances for the building by the Doylestown and Willow Grove Railway Company, an electrical street railway, in the Borough of Hatboro, and in order that mutual benefit may be derived by both the citizens and the said railway company, we deem it necessary and important that said railway should extend as far as

practicable through the built up portion of the town. And Whereas it is our duty to look after and provide for the interests, convenience and comfort of our citizens, and while at the same time believing it will promote the interests of the said railway company as well. Therefore be it Resolved That this Council do recommend and earnestly request the said Dorsetton and Yellow Brook railway company to build its lines as far as the Revolutionary monument or at least as far as Montgomery Avenue on York Street in said Borough.

The above resolution was passed by all voting Yea.

On motion of Carrell seconded by McNaair it was decided to appoint a committee of four to present this resolution to the railway company. Dr. Carrell, Dr. Evans, C. C. McNaair and the Burgess James Van Horn constitute this committee.

On motion of Carrell seconded by Spragell That these two ordinances be printed the necessary number of times in the Public Spirit.

An Ordinance granting consent to the construction, maintenance and operation of an electric street railway by the Doylestown and Willow Grove Railway Company from the westerly line of the Borough of Hatboro along and over private property and Horsham Avenue to the line of said Company's tracks on York Street, in said Borough.

Sec.

- 1 Be it ordained and enacted by the Town Council of the Borough of Hatboro, that the consent contemplated by the fifteenth section of the Act of Assembly of the Commonwealth of Pennsylvania, entitled "An Act to provide for the incorporation and government of Street Railway Companies in this Commonwealth," approved the fourteenth day of May A.D. 1889, be and the same is hereby granted to the Doylestown and Willow Grove Railway Company to construct a street railway from the westerly line of said Borough along and over lands late of Eliza T. Bates, deceased, to Horsham Avenue, and thence by said avenue to the line of said Company's tracks on York Street; and for that purpose to lay a single track with such curves, switches and turnouts as may be necessary, erect poles and string wires, and maintain the same, and do every lawful act and thing necessary to construct and reconstruct, equip and reequip said railway and roadbed and maintain the same,

and operate said railway with electrical power, under and subject to the regulations and restrictions hereinafter prescribed.

Sec. 2 The poles used in the construction and reconstruction of said railway shall be placed on either side of the curb about two inches therefrom, in such manner as to cause the least possible obstruction and injury to the curb and sidewalks and so as not to obstruct unnecessarily such portions of the fronts of private property as may be needed or lawfully in use for business purposes.

Where a dispute arises as to the placing of such poles, the street committee of council shall decide where the same shall be located.

Sec. 3 The poles used by the said railway company shall be comparatively straight and smooth and shall be kept painted from top to bottom by the said company. The poles of any other company which may be already erected shall be used by said railway company if adapted to its purposes whenever the consent of such other company to such use can be obtained.

Sec. 4 Whenever and wherever poles shall be erected by said railway company, it shall carefully replace the material excavated and relay all brick, flagging or other paving that the sidewalk shall be left in as good condition as it was before. The erection of poles shall be done under the supervision

and with the approval of the said street committee.

Sec. 5 The rails used by the said railway company in the laying of its tracks hereby authorized on Horcham Avenue shall be standard girder rails or T rails at the option of said railway company. The said track shall be laid on the south side of said Avenue. The location and construction of the said track with such curves, switches and turnouts as may be necessary shall be done under the supervision and subject to the approval of the said street committee.

Sec. 6 In the construction and reconstruction of its roadbed and railway tracks the said railway company shall so construct as to cause its tracks to be laid and relaid and kept on a level with the present established grades or with such grades as may be hereafter established for said Avenue.

Sec. 7 The said company shall fike or macadamize for a distance of eighteen inches on the outside of its tracks toward the middle of said Avenue with the same kind of material as the said Borough or the turnpike company is using on the remaining portions of the bed of said avenue and shall thereafter keep the same in good repair with the same kind of material.

- Sec. 8 The trolley wires and all other wires shall be erected and maintained at least sixteen feet above the surface of the street; and all uninsulated charged wires shall be protected by guard wires where there are other wires liable to come in contact with the same.
- Sec. 9 The said railway company shall not run its cars along and over said avenue at a greater rate of speed than ten miles an hour.
- Sec. 10 In removing snow and ice from its tracks the said railway company shall carefully and evenly distribute the same, that public travel may not be obstructed thereby.
- Sec. 11 The said railway company shall at all times indemnify the said Borough against and save it harmless from any and all claims for damages to person and property which may arise from the negligence of the employees and agents of said company in the construction or reconstruction of the said railway or the maintenance and operation of the same.
- Sec. 12 The said railway company shall commence the construction of its railway within three months from and after the date of the approval of this ordinance, and shall have the same in operation within the limits of said Borough within three months thereafter, otherwise the consent hereby granted shall be deemed revoked and this ordinance shall become null and void, unless the time be extended by Council.

- Sec. 13 If at any time after the completion of the said railway hereby authorized, it shall cease to be operated for a period of ninety days by the running of cars daily for the accommodation of the public by the said railway company, upon a regular schedule, unless prevented by a strike of its employees or circumstances beyond its control, the said railway company shall remove all tracks, poles, wires and other equipments from the said street and leave the same in as good condition as it was before said railway was constructed.
- Sec. 14 The said railway company under its seal and through its proper officers duly authorized to act shall, within thirty days after the date of the approval of this ordinance, signify its acceptance of the regulations, conditions and restrictions of the same.
- Sec. 15 All ordinances and parts of ordinances inconsistent with the provisions of this ordinance are hereby repealed.

An Ordinance providing for the increase of the municipal debt of the Borough of Hatboro, Pa. Designating the purposes to which the proceeds of such increase of debt shall be devoted, regulating the expenditure thereof, and directing the issue of bonds therefor. Whereas, The Borough of Hatboro Pa, is desirous of increasing its indebtedness to an amount not exceeding two per centum upon the assessed value of the taxable property therein for the purpose of macadamizing streets, building culverts and paying a portion of its existing debt which is now redeemable.

Now therefore be it ordained and enacted by the Town Council of the Borough of Hatboro, Pa. in Council assembled, and it is hereby ordained and enacted by the authority thereof that the said Borough of Hatboro borrow a sum of money not exceeding eleven hundred (\$1100.00) dollars for the purpose of grading and macadamizing Byberry Avenue from the North East Pennsylvania Rail Road eastwardly to that part of the avenue already macadamized; for the building of two culverts, one on West Moreland Avenue, and the other on Yarmminster Street, and for the payment of four hundred (\$400.00) dollars of the bonds of the Borough, outstanding and now redeemable; and issue bonds or certificates of indebtedness therefor in sums of not less than One hundred (\$100.00) dollars, payable in thirty years from date and redeemable at the option of the said

Borough of Hattboro after fifteen years, at a rate of interest not exceeding four per cent per annum, payable semiannually, clear of all taxes.

And it is further ordained and enacted that an annual tax commencing the first year after the increase of indebtedness, equal to at least eight per centum of the amount thereof, be assessed to provide for the payment of the interest and the liquidation of the principal.

It is further ordained and enacted that the said bonds shall be signed by the President of Town Council, with the corporate seal of the Borough affixed thereto, and attested by the Clerk of Council. Enacted into an ordinance the 24 day of September, A.D. 1901.

A special meeting of Council was called by order of the President; the call of the meeting being to take action on the death of William McKinley late President of the United States. Members all present. A resolution was offered by J. M. Evans and on motion of Barrett seconded by Carson, it was adopted. All voted yea. The following committee was appointed to carry out arrangements: C. E. McFair, W. W. Gordon, John Sprogel, Comly Walton and James Van Horn.

Resolution

Whereas, It is now definitely known that our late lamented President will be consigned to his final resting place on Thursday Sep. 19th, it is but fitting that some action be taken by our citizens in honor of his memory and great services to his country. Therefore, be it Resolved, That in accordance with the proclamations of the President of the United States and the Governor of the State of Pennsylvania, we advise and recommend that all secular business in this Borough, be suspended on Thursday at 10 O'clock A.M., that flags be placed at half mast, that the bells be tolled and our people assemble at 2 O'clock P.M. the funeral hour, in the Harbors Baptist Church for public worship, as well as to express our sincere sorrow in the

untimely death of President William McHinchey and his great loss to the nation. Resolved that a committee of five be appointed to carry out the necessary arrangements with power to appoint subcommittees.

An adjourned meeting of Council was held in the Council chamber for the transaction of regular business and was attended by Strogell, McHairs, Carrell, Gordon, Brennan and Walton. The minutes of last meeting were read and approved. The committee on resolutions reported the following:

Your committee appointed to draft resolutions concerning the death of our late President, Hon. J. A. Evans, respectfully submit the following:

In the death of our late President we all feel deeply our loss. He was so regular in attendance, so diligent a worker, so wise in counsel, so conservative and yet so progressive, so easy and yet so firm in decision, so willing to hear from all and yet so tenacious of what he thought best, that he won our utmost confidence and our highest regard. Personally we each feel we have lost a good citizen, a kind neighbor, a worthy friend. We recommend this minute to be placed upon our records and a copy sent to the family.

To the President and members of the Town Council of the Borough of Hatboro Pa.
Gentlemen

As an organization existing by appointment of the Borough Council under an act of Assembly the Board of Health herewith presents its seventh annual statement of its proceedings for the year ending Dec. 31st 1901.

Since the last report the board has held seven meetings and organized at a meeting held Feb. 7th 1901 by electing James Van Horn President, R. Hookman Secretary, George R. Palmer Health officer.

The Borough has been free from all epidemics and no contagious diseases have been reported to the board this year.

During the past year the number of deaths was 15

The causes of deaths have been as follows:

Pneumonia 2, Cancer 1, Brain fever 1, Apoplexy 1, Marasmus 2, Debility 2, Paralysis 1, Bright's disease 1, Catarrh of stomach 1, Locomotor Ataxia 1, Chardiac asthma 1, Heart disease 1

The death rate in the Borough during the year estimating the population at 858 would be 17% per thousand population

The number of burial permits issued during the year was 55

Local burial permits issued were 6
transit 3, and outside permits 46
The physicians reported 11 births in
the Borough during the year.

3 marriages were reported of which 1
bride was a resident of the Borough.

A number of minor nuisances were
abated during the year in order to secure
as perfect a sanitary condition as possible.

The expenses of the board are as follows:

Salary of health officer	\$ 25 00
Salary of secretary	15 00
Printing and supplies	60
Total	\$ 40 60

The receipts of the board have been
as follows:

Balance at first of the year	\$ 17 71
Appropriation from Council	35 00
From burial permits and licences	14 25
Total	66 96

As the term for which James Van Horn
was appointed to serve as a member of the
board will expire in February his successor
should be appointed at this meeting for a full
term of five years.

An appropriation of fifty dollars will be
required to defray the expenses of the board
for the next year.

Respectfully submitted

Watboro June 30 1902

A Special meeting of the Town Council was held this evening in the Town Hall, the call of the meeting being to take action in regard to a petition for a County bridge on Moreland Avenue west in Moreland Township and adjoining the Borough of Watboro, and to act on the transfer of the soldiers monument on York Street from the Monument Association to the Borough of Watboro.

The following resolution relative to the bridge was passed.

Resolved by the Town Council of the Borough of Watboro that a County bridge is urgently needed at the place where a tributary of Pennypack Creek crosses the road from Watboro to Horsham Meeting in the Township of Moreland immediately beyond the western boundary of the Borough of Watboro. Some of which structure and its approaches may have to be located within the Borough of Watboro; and that the cost thereof will be more than the Township of Moreland and the Borough of Watboro can reasonably bear; wherefore the Borough officers are authorized and directed to join with the Township of Moreland in a petition to the Court of Quarter Sessions of Montgomery County for the construction of a County bridge at this point.

Enacted by the Town Council of the
Borough of Hatboro in Town Council
assembled June 30th 1902

The following preamble and resolutions
in reference to the monument were read.
Whereas William H. Geortner and Sarah J.
his wife by deed dated 30th of August 1861
and recorded at Norristown in deed book
No. 137 page 337 granted to Charles H. Hill,
Edward Reading George Jamison, Joseph
Barnsley and W. W. H. Davis managers of
the Hatboro Monument Association a certain
tract of land, having a front of thirty feet
on the Willow Grove and Warminist
turnpike road, now in the Borough of
Hatboro, for the erection of a monument
to the patriotic men who fell in the
battle of the Battle.

And Whereas said monument was erected,
and all of said trustees have died except
General W. W. H. Davis, and said

monument is falling into decay, and there is no one charged with the duty or liable for the expense of maintaining said monument.

And Whereas it is necessary that said monument and tract of land be kept in order, as one of the public places of the Borough of Hatboro:

Now be it resolved that the Borough of Hatboro agreed to accept from the Court of Common Pleas of Montgomery County, the appointment of trustee or manager under said deed, in place of W. W. H. Davis, who is about to ask to be discharged:

And be it further Resolved, that the Borough of Hatboro will maintain said monument in good condition out of its funds, raised by taxation.

Be it resolved further that the clerk of Council be directed to certify a copy of this resolution to the Court of Common Pleas, and that a copy thereof be kept among the archives of the Borough.

On motion of Carroll seconded by Walton the resolutions were adopted unanimously.

The meeting was attended by all the members of Council.

Gentlemen: We
herewith submit the eighth annual
report of the vital statistics and sanitary
affairs of the Borough of Hatboro, with a
record of its proceedings for the year
ending Dec. 31st 1902.

Since the last report the board has held six meetings and organized at a meeting held March 6, 1902, by reelecting James Van Horn President, Ruben Hockman secretary and George B. Palmer health officer.

On March 6 the resignation of John S. Leidy was offered, and accepted owing to his selection as a member of Borough Council. Walter Rotfwell was appointed to fill the vacancy for the unexpired term. The Borough has been free from all epidemics and but one case of typhoid fever was reported.

During the past year the number of deaths in the Borough was ten, five less than last year; the causes of death being as follows: Apoplexy 2; Consumption of lungs 2; Pneumonia 1; cerebral hemorrhage 1; Heart-Disease 1; General Debility 1; Cystitis 1; Berhosis ~~hvier~~ 1.

The number of burial permits issued during the year was 54; the physicians reported 16 births.

Three marriages were reported, three grooms and two brides being residents of the Borough.

A number of minor nuisances were abated in order to secure as perfect a sanitary condition as possible without a system of drainage.

The expenses of the board were as follows:

Salary of health officer	\$ 25 00
Salary of secretary	15 00
Formaldehyde generator	12 50
Printing	2 25
Generator supplies	4 55
L. B. Carriere	11 00
Dr. F. Wilson	8 00

An Ordinance granting consent to the Standard Telephone and Telegraph Company to construct, operate and maintain a telephone system and exchanges in the Borough of Hatboro, Montgomery County, Pa. Be it enacted and ordained by the Burgess and Town Council of the Borough of Hatboro, Montgomery County, Pa; and it is hereby enacted and ordained by the authority of the same:

Sec. 1

That consent is hereby granted to the Standard Telephone and Telegraph Company, incorporated under the laws of the State of Penna. its successors and assigns, hereinafter called the "Company" to construct, erect, operate and maintain a telephone system and exchange, including the necessary underground conduits, poles, overhead wires and underground and aerial cables over, under or upon such streets of the Borough of Hatboro as the electric light and water committee of the Town Council, hereinafter called the "Light Committee" shall approve, under and subject, however to the terms and conditions hereinafter named.

Sec. 2 That the poles to be erected by the said company shall be placed outside of the curb lines at such a distance from the curb as the light committee of said Borough shall direct. The diameter of the poles at the top and bottom shall be as directed by the said light committee, and they shall be straight and smooth and shall be painted to a height of fifteen feet from the ground, and shall be repainted every three years. Each pole erected by said company shall have the initials of its corporate name placed thereon. Whenever the poles are erected, the said company shall replace the material excavated and relay all bricks, flag or other pavement so removed, so that the same shall be in the same good condition as before they were disturbed, and the said company shall so place their poles as to do the least injury to private property, and be of the least obstruction to public travel, and shall erect and place their said poles agreeable to and under the supervision of said light committee. If reasonable necessity requires the altering of the location of poles, then the said company shall relocate them at its own expense, as directed by the said light committee.

Sec.

3

If the Burgess and Town Council decides that any street shall have no more poles, and the said company cannot effect a satisfactory arrangement with the company whose poles may already occupy that street, then the said company shall have the privilege of placing their wires underground as directed by and agreeable to said light committee of said Town Council.

That upon the request of the said Town Council, the said company will permit the wires of any other companies to be placed upon their poles, upon receiving reasonable and just compensation therefor from such other company or companies, and provided that such wires shall be so placed as not to interfere with the satisfactory operation of the telephone system of the said company, and provided that such wires shall be placed and maintained at least eight feet from the nearest wire of said company. In the event that any of the poles of said company are not of sufficient height or strength to accommodate the wires of any other company, then such poles shall be replaced with poles of such height and size as may be satisfactory to said

company, and the cost of so replacing such poles and the wires and fixtures thereto attached, together with the cost of the maintenance thereof shall be at the expense of the company whose wires are to be thereto attached, and the title to the poles so replaced shall remain vested in the original owner thereof.

Sec. 4. That the wires erected by said company shall be so placed as not to interfere with the wires of other companies now erected, and shall be placed not less than twenty feet from the ground, and as much higher as the said light committee of said Town Council may direct, and the said company shall assume all liabilities for damages that may occur to the Burgess and Town Council aforesaid from any injury to persons and property from doing any work, hereinafter or before mentioned, or the neglect of said company or any of its employees to comply with any ordinance relative to the use of said streets or other public or private places.

- Sec. 5 That nothing in this ordinance shall affect the rights and privileges now granted or which may be hereafter granted by the Burgess and Town Council aforesaid to other companies to use said streets for any purpose, whatever, and in the construction of their telephone line the said company shall use the most approved means to prevent the construction of their telephone lines from in any manner interfering with the operation of the electric light, trolley, telephone or any other company having the right to use the said streets.
- Sec. 6 That the telephone line hereby authorized shall be constructed by said company under the supervision of the said light committee of said Town Council.
- Sec. 7 That the said Burgess and Town Council aforesaid shall have the right to use the poles of said company for the purpose of stringing wires for fire alarm or any other electrical purpose, for the sole use of said Borough; and said company shall place a telephone in the Borough building, and shall frank all messages of any officer or employee of the Borough appertaining to business of the Borough, to all points

on the lines of said company within a radius of ten miles from the Borough of Hatboro, but not to points on the lines of other companies.

Sec. 8 That the said company shall at all times hereafter indemnify and save harmless the Burgess and Town Council aforesaid of and from all and every claims for damages of any kind whatsoever which may arise from the construction, maintenance and operation of said telephone line.

Sec. 9 That if at any time the said company shall willfully abandon their line, or cease to operate the same for a period of six months, or allow their poles and wires to lapse into an unsafe condition, excepting from causes unavoidable on the part of said company, then it shall be within the power and authority of the said Burgess and Town Council of Hatboro to annul this ordinance and all the rights and privileges herein granted, whereupon the same shall cease and become null and void, and the said poles, wires, etc, shall become the property of the said Borough.

Sec. 10 That the said company shall be subject to such lawful regulations and ordinances regulating the maintenance and operation of their said telephone line in the Borough of Hatboro, as the Burgess and Town Council aforesaid may from time to time hereafter enact.

And the Burgess and Town Council expressly reserve the right to enact and enforce by general ordinances and regulations directed alike to all telegraph, telephone, electric light and trolley companies within its limits, as relates to the licensing and inspection of the poles of the said "Standard Telephone and Telegraph Company."

Sec. 11 That the said company shall under its corporate seal and by its proper officers within sixty days after the approval of this ordinance, signify in proper writing, filed with the Secretary of the Burgess and Town Council aforesaid, its acceptance of this ordinance, and all the regulations, conditions and restrictions therein contained.

Sec. 12 That the said company shall pay to the Burgess and Town Council aforesaid all the costs of the publication, etc., of this ordinance.

To the President and members of Town Council of the Borough of Harbors Pa.
Gentlemen

We herewith submit the ninth annual report of the vital statistics and sanitary affairs of the Borough of Harbors Pa. for the year ending Dec. 31st 1903.

Since the last report the board has held five meetings and organized at a meeting in March by electing
James Bayl Horn President
R. Hockman Secretary
Geo. R. Palmer Health Officer

The Borough had six cases of typhoid fever last year all of which recovered; when the Board at once ordered the water main flushed and took all precautions to prevent the disease from spreading.

During the fall and winter months we had an epidemic of measles which is about the only sickness that we had during the year.

The number of burial permits issued during the year was sixty four.

The deaths in the Borough from Dec. 31st 1902 until Dec. 31st 1903, were 13

Causes of deaths are as follows:

Apoplexy 3, Arterio Sclerotic 2,
Cancer 1, Hemorrhage of lungs 1,
Myocardium 1, Atherosclerosis 1, Pneumonia 1,
Softening of brain 1, Accidental gun shot 1,
Locomotor ataxia 1. Total 13.

The physicians reported 8 births in the Borough.

The expenses of the Board have been as follows:

Salary of Health officer	\$ 25 00
" " Secretary & Postage	15 15
Total	\$ 40 15

The receipts of the Board have been as follows:

Balance on hand Jan. 1903	\$ 11 11
From Borough Council	50 00
64 Burial Permits	<u>16 00</u>
Total	\$ 77 11

Leaving a balance in the hands of the Secretary Jan. 1, 1904 of \$36 96
 As the term for which Howard Garrett was appointed expired at this meeting his successor should be appointed at once.

An appropriation of \$25.00 will be required to defray the expenses of the Board for the ensuing year.

Respectfully submitted
 James Van Horn
 President

Reuben Hockman
 Secretary

The stated meeting of the Borough Council was held in the Town Hall two days later than the specified time on account of the regular meeting occurring on a legal holiday.

The following members were in attendance. Sprague, W. Fair, Fenton, Buckman and Rothwell.

The minutes of last meeting were read and after a slight alteration approved.

The members of Council met at the Atlantic Refining Company's coal oil tank on June 18, 1904 and after examining the surroundings requested the President of Council to prepare a draft of an embankment around the oil tank to arrest and hold the flow of oil in case of an accident that would empty the tank of its contents.

John Sprague on behalf of Council submitted the following drawing:

An embankment of earth surrounding the tank $3\frac{1}{2}$ feet high, 4 feet wide at the base and tapering to 3 feet wide at the top with the bottom 6 inches higher than the surface of the ground.

On motion of McStar, seconded by Tanton that the Atlantic Refining Company be requested to build an embankment around their tank according to plans shown. Carried.

Mr. Daniels as representative of the Atlantic Refining Company was present and accepted the action of Council on behalf of the company.

The street committee reported the work at the entrance of Cemetery Avenue completed at the following cost:

Halboro Oct. 3 1904

The stated meeting of the Borough Council was held in the Town Hall on the evening of the above date and was attended by Sproggell, McTear, Walton, Corson, and Brothwell.

The minutes of last meeting were read and with a slight correction approved.

A request was made by a resident of Lehman Avenue for one electric light on that street, and after due consideration it was decided to place one light on Lehman Avenue at a suitable point.

On motion of Walton seconded by McTear that we open Monument Avenue to its full width of 33 feet from York street west to the length of the macadamized portion of the street with the understanding that McTear & Frank H. Denton bear one half of the expense provided the whole cost does not exceed \$70.00 All voted yea.

The following ordinance was introduced and read providing for the increase of the municipal debt of the Borough of Halboro and on motion of McTear seconded by Corson it was passed on first reading by the following vote Yea. Sproggell, McTear, Walton, Corson, Brothwell, Nays. None.

An Ordinance Providing for the increase of the municipal debt of the Borough of Hatboro, Pa; designating the purposes to which the proceeds of such increase of debt shall be devoted, regulating the expenditure thereof, and directing the issue of bonds therefor.

Whereas the Borough of Hatboro, Pa., is desirous of increasing its indebtedness to an amount not exceeding two per centum upon the assessed value of the taxable property therein for the purpose of macadamizing streets, building bridges and culverts and paying a portion of its existing debt which is now redeemable, It is therefore be it ordained and enacted by the Town Council of the Borough of Hatboro, Pa. in Council assembled, and it is hereby ordained and enacted by the authority thereof, that the said Borough of Hatboro borrow a sum of money not exceeding two thousand (\$2000.) Dollars for the purpose of completing the macadamizing Moreland Avenue east, resurfacing Wyberry, Moreland, and Montgomery Avenues and Depot Street, opening Gehman Avenue, building bridge over branch of Pennyback creek on Monument Avenue, building three culverts, one on Cemetery Avenue, one on Moreland Avenue east, and the other on Mill Avenue; and for the payment of Three hundred (\$300) dollars of the bonds of the

Borough outstanding and now redeemable;
and issue bonds or certificates of indebtedness
therefor in sums of not less than One
hundred (\$100.) dollars, payable in thirty
years from date and redeemable at the
option of the said Borough of Hattori after
fifteen years, at a rate of interest not
exceeding four per cent, per annum,
payable semi-annually, clear of all taxes.
And it is further ordained and enacted
that an annual tax commencing the first
year after the increase of indebtedness,
equal at least to eight per. cent, of the
amount thereof, be assessed to provide for the
payment of the interest and the liquidation
of the principal.

It is further ordained and enacted that the
said bonds shall be signed by the President
of Town Council, with the corporate seal of
the Borough affixed thereto, and attested
by the clerk of Council.
